ANNUAL REPORT 2016-17

FOREWORD

Greetings from PDAMSMS !

It is a pleasure to bring out the Annual Report for the year 2016-17

This report brings out the aims and features of the programs as well as our achievements and challenges.

This year most of our programs did reasonably well and some could have done better. Two new programs were added. In Paschim Mewdinipur we started Link Workers Scheme under NACO & WBSAP&CS In Birbhum we initiated Livelihood, Health, Education & five other programs under KOTA Educational Trust,

To scale up the work we propose to collaborate with like-minded organisations. We also plan to bring in like-minded individuals who can 'move' our programs and nurture them.

We always tries to serve the economically and socially backward classes in the path shown by Mahatma Gandhi. The one of the most important goal of the organization is to remove economic inequality and social imbalance by the means of the support, service and awareness.

It is because of so many of you that we can accomplish so much today and plan for many more fruitful projects like those we celebrate in this report.

We endeavour for transparency and accountability in our work; always aligned to our mission of helping the poorest of the poor.

Finally, we would like to thank every single staff member and volunteer of PDAMSMS who have worked selflessly and tirelessly to serve women and children of most vulnerable communities. We would also like to thank our Donors, Well-wishers and Members for their continuing guidance and encouragement as we venture into new geographic areas and interventions, and scale up our work.

ACTIVITY REPORT – GENERAL OVERVIEW

The society covered a number of important areas of development through various welfare activities during the year 2016-17 a glimpse of which with the future assignment committed is produced below:

National Rural Drinking Water Quality Monitoring & Surveillance Program

We initiated this project in July, 2007 under the Fluoride Mitigation program with the assistance of UNICEF. At first this project was implemented in four blocks, Jhalda-I, Jaypur, Arsha and Bagmundi, of Purulia District. Later the program changed NRDWQM & SP program under P&RD Departments of Government of West Bengal through Purulia Zilla Parishad. At present the program is controlled by the Department of PHE, Government of West Bengal and in this financial year the program is being conducted at Jhalda-I block only.

Link Workers' Scheme (HIV / AIDS Prevention) :-

Under the fourth phase of the National AIDS Control Program (NACP-IV), the Link Worker Scheme(LWS) has been designed to intensify and consolidate the prevention services, focusing on the at-risk population in the rural areas. The Scheme aims to address complex needs of HIV prevention, care and support, in rural areas through identification and training of field level workforce of Zonal Supervisors, Cluster Link Workers and other stakeholders on issues of HIV/AIDS, gender, sexuality and Sexual Tract Infections (STI). Mobilizing difficult-to-reach, others at risk populations, such as High Risk Groups, to access the public health services for STI, HIV Counselling and Testing Centres (ICTC), Anti-Retroviral Therapy (ART) etc. is a component of the Scheme. Their follow up back to communities is also envisaged. It also seeks to address the issues of stigma and discrimination in rural areas of India. PDAMSMS is implementing the project in Paschim Medinipur district with support from WBSAPCS & NACO.
